CERTIFICATES

United for wildlife: Introduction to conservation - (National Geographic)

Regular Expressions in Python - (Coursera Project Network)

The Flask Mega Tutorial - (Miguel Grinberg)

ABOUT ME

Fascinated with life on our planet and with how things work around us I started my college degree road with a BsC in Biology and Geology and I'm now pursuing an MsC in Bioinformatics. I'm actually a Biology student cleverly disguised as a Python developer. It has been now 1 year of this adventure as a double agent and I couldn't be happier.

EDUCATION

📅 2017 - 2021	BsC in Biology and Geology
📍 University of Minho - ECUM	
📅 2021 - until now	Postgraduate in Bioinformatics
📍 University of Minho - EEUM	

BACKGROUND

📅 2018/2019	Chairman of the Events Committee
📍 Biologia e Geologia	
The Events Organising Committee was able to organise recreational events for the academic community as well as join in with charitable causes.	

📅 27 de Setembro de 2019	Volunteer
📍 Altice Forum Braga	Noite Europeia dos Investigadores
Organização logística e assegurar o bom funcionamento de um evento que reuniu investigadores conceituados em diferentes áreas de interesse desde a Biologia à Geologia.	

📅 Ano Letivo 2019/2020	Vice-Chairman
📍 Organizing Committee of "Jornadas da Ciência"	
The Organizing Committee was in charge of organizing the 2nd edition of the Jornadas da Ciência da Universidade do Minho. In this position I had the opportunity to get involved in the collective effort of organizing a big event and although this event was cancelled 2 days before it was supposed to take place, due to COVID-19, I acquired enormous skills.	

📅 Ano Letivo 2018/2020	Communication and Image
📍 Associação Académica da Universidade do Minho	Department Collaborator
Collaboration with Associação Académica da Universidade do Minho on photography production in several university events; Logistic collaborator in the START POINT event.	

📅 Desde 2018	Member of Cultural Group
📍 OPUM DEI	Director

Acoustic guitar, electric guitar, ukulele, cavaquinho português, organization of events, performances, team work.

PAPERS/WORKS/PROJECTS

"Optimisation of phenylethanol production in *Saccharomyces cerevisiae* and *Escherichia coli*" - Investigation Project in Systems Biology and Bioinformatics (2022)
